MANY OF OUR HOMES WERE BUILT BEFORE SPRAY FOAM INSULATION AND TRIPLE PANE WINDOWS

This class, offered to you free of charge through the city of Gardiner's Housing Committee, will provide information about the value of an energy audit, energy improvement do's and don'ts and the best way to get the biggest bang for your buck. You will also learn about available rebates and how to access those dollars. There will be ample time after the presentation for questions.

If you own an older home and you've been considering doing some renovations, this is a class you won't want to miss!
